Treasurer's report: Check 1019 for \$2,954.15 for the purchase of the hurdles cleared back. Current balance at \$913.54

Old Business:

Hurdles arrived, 3 were damaged in transit; at top bar. Tom working on getting this fixed. Side note the hurdles are held together with rivets not screws. This will be problematic down the line if repairs are required. At date of meeting one of the practice hurdles is on back order until approximately January 10, 2015.

The Hut where the hurdles are traditionally stored is set to be demolished so an alternate storage site needs to be found.

Hurdle cart, we need to see if Dave still wants to build a cart.
