Treasurer's report: None given

### **Recap of Banquet**

The flow of the banquet needs to be looked at and perhaps rearranged. Suggested change is to do a welcome address a few of the awards then food, more awards, then dessert and the last of the awards.

The food cost was more than expected we need to revisit this cost as it came in at 1851.00

Emily suggested that she would like to do a slide show to be played on a loop while we are eating.

The boys relay medals were not correct Smith will engrave them with the corrections.

### **Picnic Prep**

Dorothy will pick up corn and bring pan for melting butter, Renee will pick up squeeze things for melted butter. Josh will bring canopy. All other supplies have been purchased and will be brought to the picnic site. We will all pitch in in shifts.

### **Hurdle Spencers**

Renee's Optometrist, a Rancho Alumni, would be interested in doing hurdle sponsorship.

Possible pricing would be \$300 per flight. But it is to be decided how many seasons the sponsorship would last.

Individual hurdles would look weird so it would need to be by the flight.

### **Opening for Vice President**

Josh Bradley will be moving to Denver and will leave a vacancy for Vice President open. To date we have nobody to fill this position. This also brings up an additional account signed will be required on the bank account. Due to lack of time it was decided that Renee Hatten would become a signer on the account.

August 21 is the Golf Tournament that is all
